

Earth System Through Time
ERTH 1011

Objectives: Understand how the earth works as a system. Understand why the earth and life are as they are today. Understand and discuss current, major hypotheses about the origin of the universe, earth and life. Realize co-evolution and interaction of earth and life. Understand biological evolution, diversity of life and extinction. Know chronology of major events in the history of life. We will describe:

First, the components of the system,
Describe some interactions through time, and
Finally, reconstruct the history of Earth

Learning outcomes:

By the end of this course,...

you will be able to **understand** and **interpret** evidence for the origin of the universe, Earth, Life.

you will be able to **describe** various Earth processes.

you will be able to **integrate** the evolution of Earth and Life.

you will be able to **implement** observations and **infer** past environments.

you will be able to **recall** major events in the history of Earth and Life.

Lecture 1 – Introduction

Lecture 2 – Origin of the Solar system, Earth and moon

Lecture 3 – Plate tectonics

Lecture 4 – Earth materials

Lecture 5 – Rock cycle and sedimentary facies

Lecture 6 – Atmosphere and hydrosphere

Lecture 7 – Dating, time sequences

Lecture 8 – Origin of Life and fossils

Lecture 9 – Classification and Systematics

Lecture 10 – Diversity

Lecture 11 – Evolution

Lecture 12 – Extinction

Lecture 13 – Life environments

Lecture 14 – Biogeochemical processes

Lecture 15 – Hadean and Archean

Lecture 16 – Proterozoic

Lecture 17 – Cambrian explosion

Lecture 18 – Paleozoic oceans

Lecture 19 – Paleozoic land

Lecture 20 – P-T Extinction

Lecture 21 – Triassic recovery

Lecture 22 – Cretaceous

Lecture 23 – KT Extinction, Cenozoic

Lecture 24 – Ice Age and the end

Mark breakdown

Midterm – 20%

Online quizzes – 40% (10 worth 4% each)

Final lecture exam – 40%

- Questions will be multiple choice

People

1011 Quiz Coordinator: Brad McFeeters, BradleyMcFeeters@cmail.carleton.ca

The quiz coordinator will manage the receipt of quizzes through the cuLearn website. The quiz coordinator should be contacted for anything to do with quizzes.

Policies

Missed quizzes: A missed quiz will receive a mark of zero. Missed quizzes will not be permitted for retaking. If a valid document (e.g., doctor's note) can be provided within 7 days of the missed quiz, the mark of each quiz will be adjusted so that the total value of all completed quizzes remains the same 40%.

Missed midterm: An email alerting to the instructor should be sent as soon as possible if the midterm will be missed (either due to scheduling conflict or illness the day of). Documentation proving the scheduling conflict must be provided as soon as possible. A doctor's note is required within 7 days of the missed midterm exam in the event of illness. A deferred midterm will be available to individuals with the appropriate documentation for the date of the missed midterm. A mark of zero will be given if no documentation is received within 7 days of the midterm date.

Missed final exam: The University's exam services handles all requests for deferred final exams and missed final exams. That office should be contacted for anything to do with missing the formally scheduled final exam.

Requests for Academic Accommodation

You may need special arrangements to meet your academic obligations during the term. For an accommodation request, the processes are as follows:

Pregnancy obligation

Please contact your instructor with any requests for academic accommodation during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist. For more details, visit the Equity Services website: carleton.ca/equity/wp-content/uploads/Student-Guide-to-Academic-Accommodation.pdf

Religious obligation

Please contact your instructor with any requests for academic accommodation during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist.
